Landfill Permit

Frank R. Bowerman Landfill is permitted to receive a daily tonnage of 8,500 tons per day. The landfill is required to comply with numerous landfill regulations from federal, state and local regulatory agencies. The landfill is subject to regular inspections from the California Integrated Waste Management Board and the Board's Local Enforcement Agency, the California Regional Water Quality Control Board and the South Coast Air Quality Management District to assure compliance with those regulations.

Open & Closure Dates

Frank R. Bowerman Landfill is approximately 725 acres with 341 acres permitted for refuse disposal. The landfill opened in 1990 and is scheduled to close in approximately 2022. The Integrated Waste Management Department is conducting a study (RELOOC Strategic Plan- FRB Landfill Implementation) that may extend the life and disposal capacity of the landfill. A passive use park consistent with the Nature Reserve is the planned end use of the site.
